

PRAMOD RAM UJAGAR TIWARI

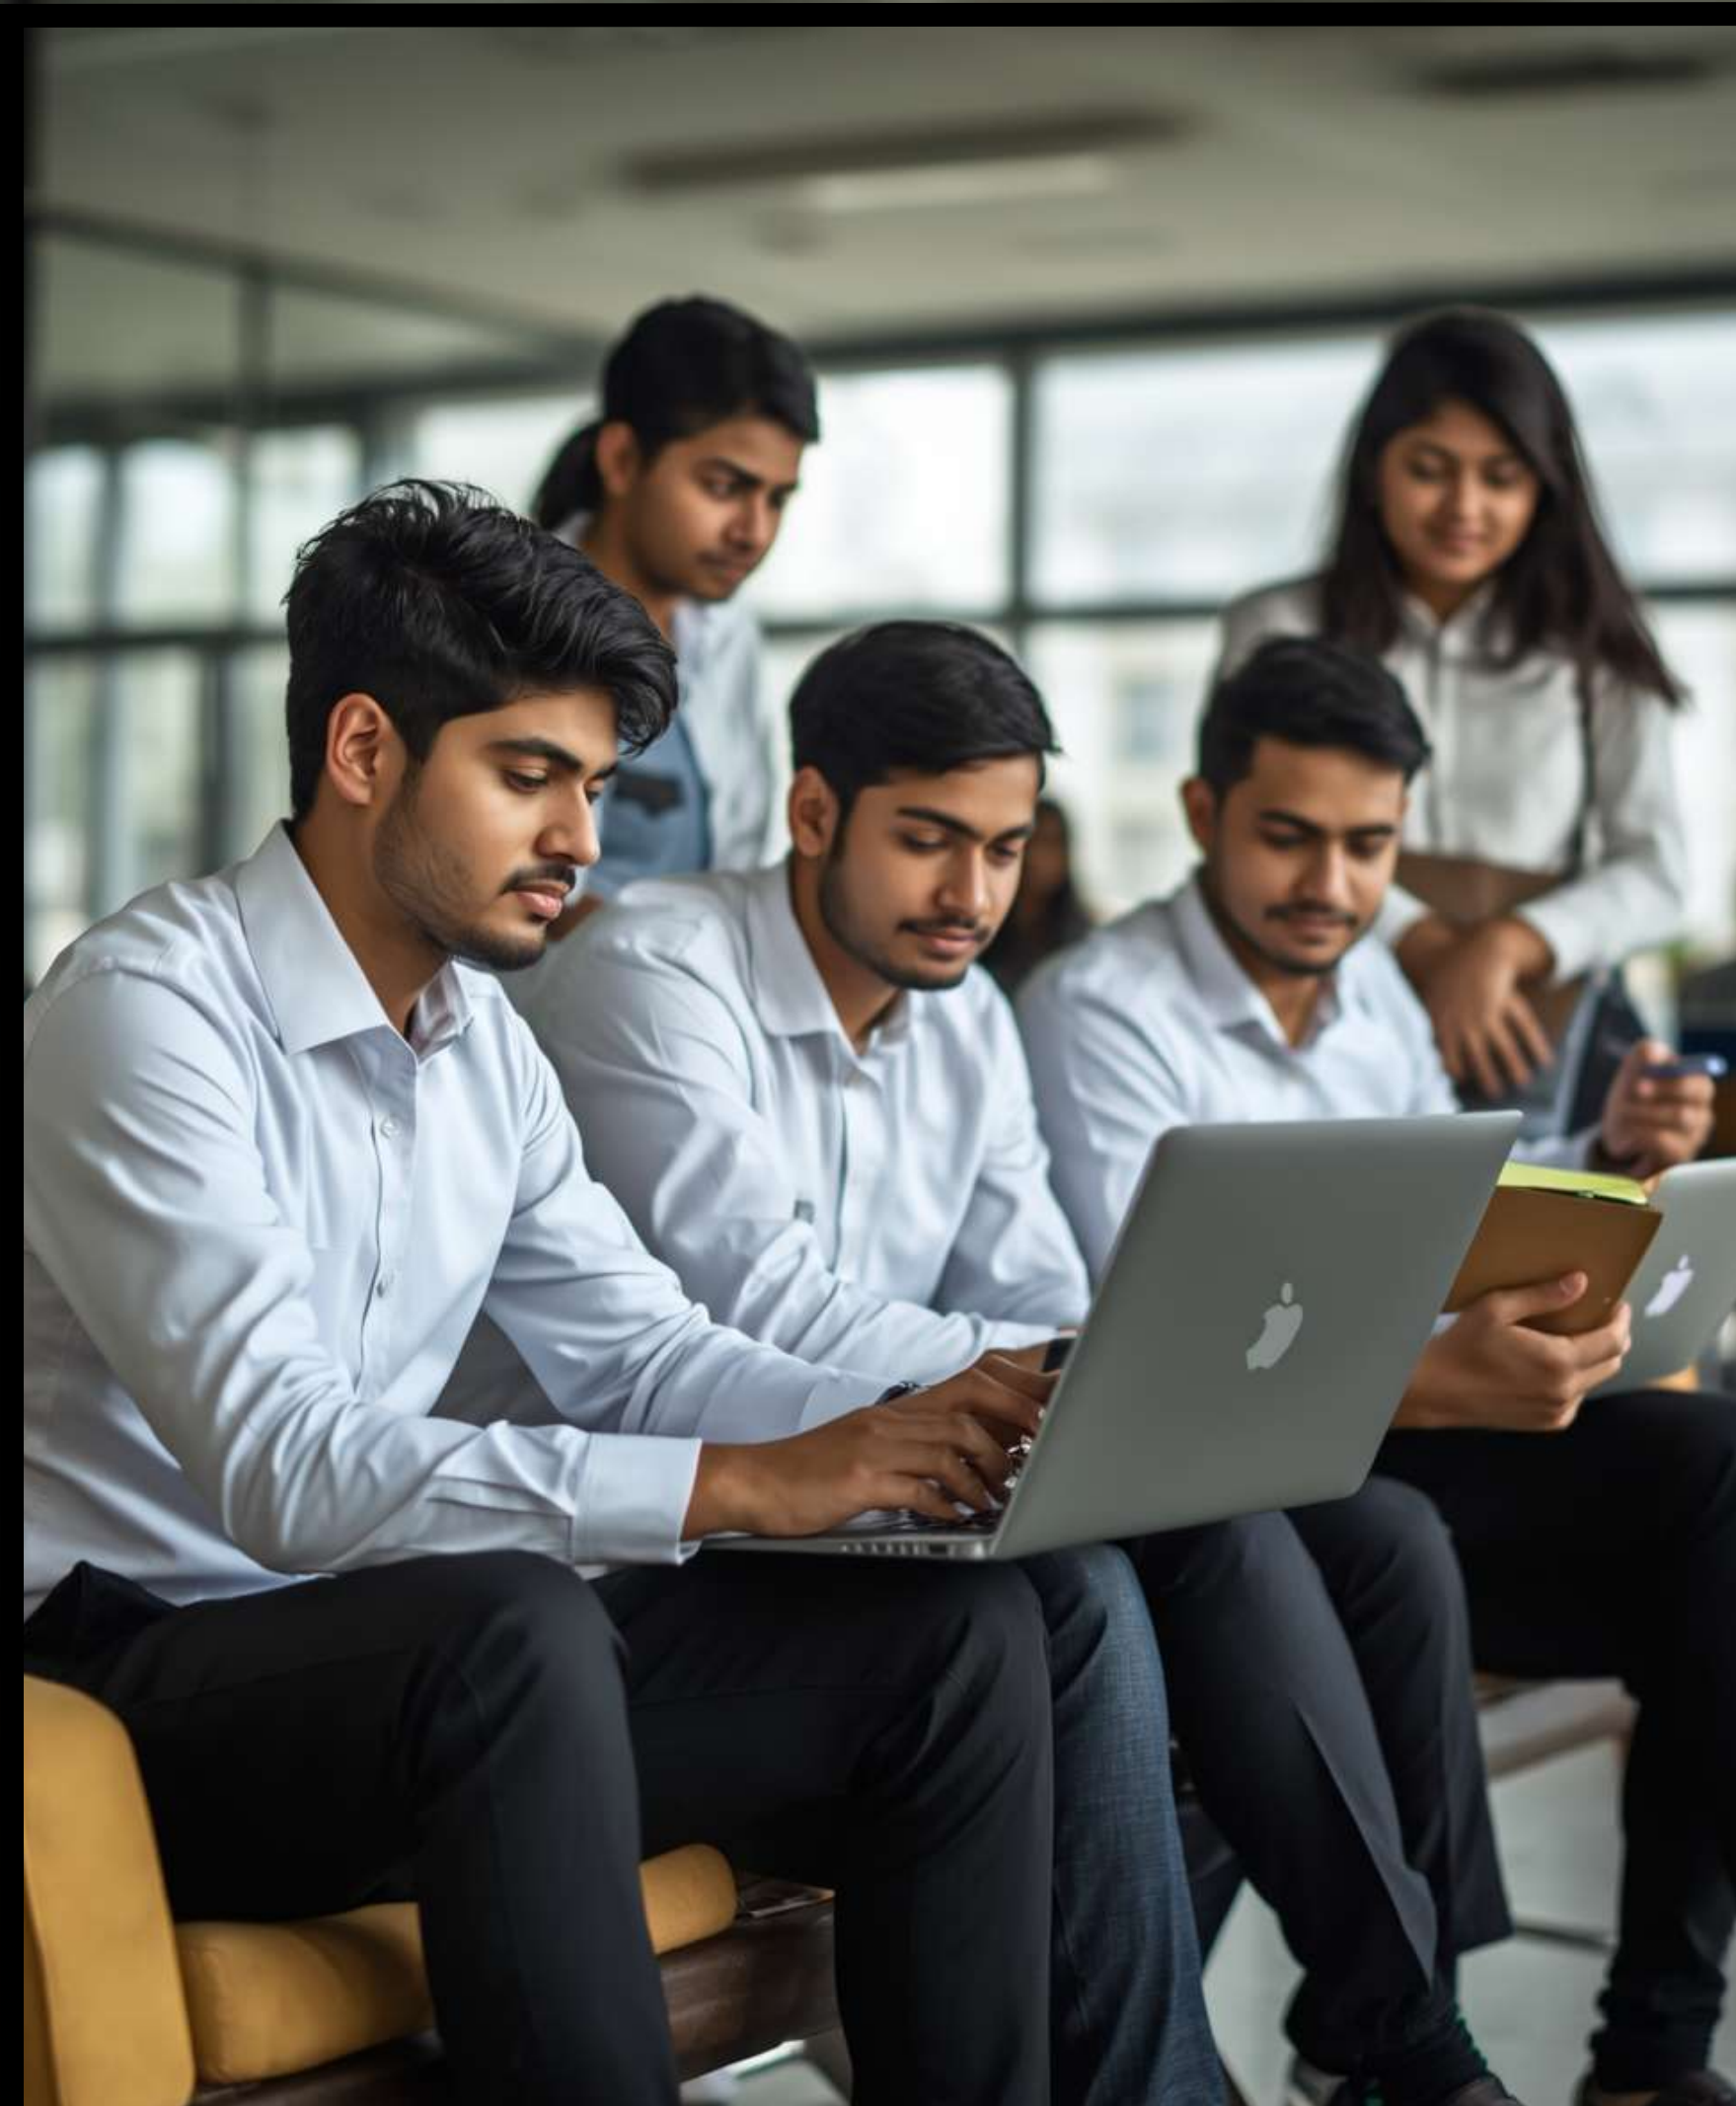

SAKET INSTITUTE OF MANAGEMENT

(Approved by AICTE New Delhi, D.T.E (Code:MB3158), Govt of Maharashtra & Affiliated to University of Mumbai)
(NAAC Accredited), Kalyan (East)

MASTER OF COMPUTER APPLICATIONS

(MCA)

Empowering Future IT Professionals

01

Two-year postgraduate degree focused on software development, IT systems, and emerging technologies for career-ready graduates.

02

Designed to develop technically competent professionals equipped with industry-relevant skills and problem-solving abilities.

03

Balanced curriculum combining strong theoretical foundations with hands-on practical application through labs, projects, and real-world scenarios.

The MCA programme at PRUSTIM is a comprehensive two-year postgraduate degree designed to develop technically competent IT professionals. With a perfect balance of theoretical knowledge and practical application, graduates are prepared for successful careers in the dynamic technology industry.

MCA ELIGIBILITY

EDUCATIONAL QUALIFICATION

- Bachelor's degree in any discipline from a recognized university.
- Minimum 50% aggregate marks (General category).
- Minimum 45% aggregate marks (Reserved category candidates from Maharashtra).
- Mathematics Requirement:
- Must have studied Mathematics or Statistics at the 10+2 level OR at the graduate level.

ENTRANCE EXAM:

- Admission is based on MAH MCA CET (Maharashtra MCA Common Entrance Test).
- Students appearing for their final year bachelor's degree exams can apply provisionally.

PROGRAMME HIGHLIGHTS

01

Well-structured curriculum covering core and advanced computer application subjects with industry-relevant content.

02

Strong emphasis on programming, software development, and database technologies for career readiness.

03

Hands-on exposure to emerging technologies through dedicated labs and real-world projects.

04

Experienced faculty with academic and industry expertise, supported by modern computer labs.

CAREER PROSPECTS AFTER MCA

Additional career paths include Web & Application Developer, Cybersecurity Analyst, IT Consultant, Project Manager, and opportunities in research and academia. MCA graduates are highly sought after in the growing IT industry.

01

Software Developer / Engineer:
Design, develop, and maintain software applications across various platforms and industries.

02

System Analyst & Database Administrator: Analyze business requirements and manage critical data infrastructure for organizations.

03

AI/ML Professional & Data Scientist:
Work with cutting-edge technologies in artificial intelligence, machine learning, and data analytics.

Placement Corporate Partners

Placement is the bridge between education and a successful career. It transforms classroom knowledge into real-world skills, giving students the confidence and experience employers seek. A strong placement record reflects an institution's commitment to student futures — ensuring that talent meets opportunity.
